Lent reminds us that repentance is not a once-and-for-all action; we don't make a grand act of repentance and then sit back and relax. Repentance is a constant activity of the Christian, not continually worrying about our stance before God, but striving all the time to be as close to God as we can by the way we treat other people. Repentance means taking a regular reality check that what we are doing and saying is consistent with our desire to belong to God's family. Although we concentrate on repentance a great deal in Lent, it is something that should be a daily activity for all of us, and we need to pray for the gift of the Holy Spirit to be able to repent.
